

Launch and lock apps.

Launch a specific app on each student's iPad at the same time. You can also lock iPad into a single app, so students stay focused on the subject or test at hand.

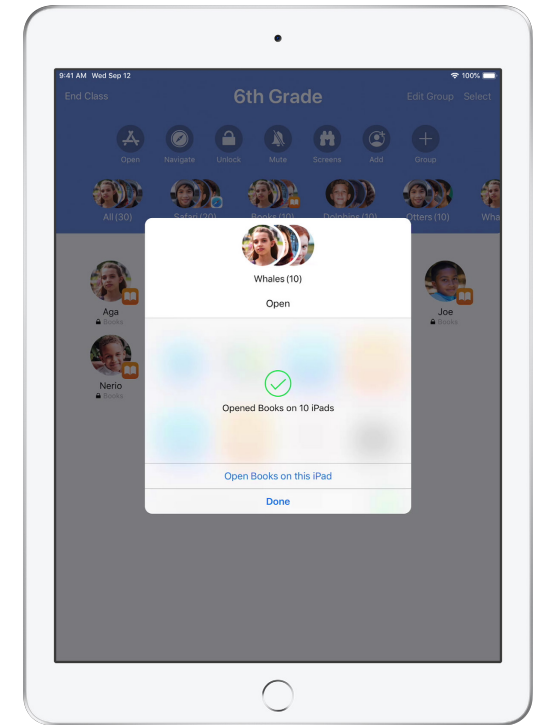

Tap Open to view the list of available apps, then select the app that you would like to open.

Note that you and your students must both have the app installed for this to work.

If you would like to lock your students into the app, select "Lock in app after opening" in the lower right.

The app now opens on every student's iPad.

Tap Done, or follow along by opening the app on your iPad.
